

To Commissioner Scott J Kipper in care of Adam Plain-

I appreciate all of the work from all of the State of Nevada entities making the selection of Nevada's EHB plans are public and available for comment.

My concern is to explain how Nevada specific coverage mandates will be paid for by the State of Nevada or by the individual consumer. Please explain how these coverage mandates will be handled.

Thank you for your time.

E. N.  
Las Vegas, Nevada
