Commissioner Scott Kipper
Division of Insurance
State of Nevada
Dear Commissioner Kipper:

The Nevada Women's Lobby is a state-wide, non-partisan coalition of organizations and individual women and men who work on issues affecting women and families.

We have followed the hearings conducted by the Silver State Health Exchange's Essential Health Benefits sub-committee and were pleased that they recommended three plans for your consideration that included state mandated insurance coverage. We particularly support "Plan D" as it is seemingly the most robust and comprehensive plan, although we are concerned about the plan's cost.

The Nevada's Women Lobby urges you to utilize the expertise within your purview to select an Essential Health Benefits Plan that provides coverage essential to the best interests of women and children and low income families.

Sincerely,

Marlene Lockard, Legislative Advocate

Nevada Women's Lobby
