BACKGROUND

This approval circular, along with Filing Circular NV-2026-04, provides the entire package of relevant information for this change.

NCCI recently submitted a voluntary loss costs and assigned risk rates law-only filing to the Nevada Division of Insurance in response to enacted Senate Bill 317, proposed to be effective October 1, 2026, for new and renewal policies. Voluntary loss costs in this filing exclude all expense provisions (except loss adjustment expenses).

IMPACT

The filing proposed an overall average voluntary loss cost and assigned risk rate level decrease of 32.8%. These changes are expected to be premium-neutral on an overall basis. The filing was approved as filed.

Important: Each insurer must adopt the revised voluntary loss costs effective October 1, 2026, for all new and renewal business.
