HEARING AGENDA**

Notice of Hearing for the Adoption, Amendment or Repeal of Regulations of
The Department of Business and Industry, Division of Insurance

The State of Nevada, Department of Business and Industry, Division of Insurance (“Division”), (775) 687-0700, will hold a public hearing at **1:30 p.m. on October 18, 2017**, in the 1st Floor Hearing Room, 1818 East College Parkway, Suite 103, Carson City, Nevada 89706. Interested persons may also participate through a simultaneous videoconference conducted in the 4th Floor Nevada Room at the Nevada State Business Center/Division of Insurance, 3300 West Sahara Avenue, Suite 275, Las Vegas, Nevada 89102. The purpose of the hearing is to receive comments from all interested persons regarding the adoption, amendment or repeal of regulations pertaining to chapter 680C of the Nevada Administrative Code (“NAC”).

The following information is provided pursuant to the requirements of Nevada Revised Statutes (“NRS”) 233B.0603 and the directives of the Governor:

LCB File No. R024-17. Annual Fees. A regulation relating to insurance; providing the annual fees that certain insurers pay; and providing other matters properly relating thereto.

- (1) Why is the regulation necessary and what is its purpose?

In 2015, the Legislature amended NRS 680C.110, giving the Commissioner the authority to determine annual fees based on certain factors. With the ability to determine fees, other fees were eliminated with the intent of capturing these fees through the one fee for administrative efficiency. In developing the fee structure, the statute requires the Commissioner to consider the direct written premiums for the prior year, the number of insurers required to pay the annual fee, the direct written premiums written by all insurers required to pay the annual fee, and the budget of the Division. Regulation R001-16, adopted on April 27, 2016, and filed with the Secretary of State on June 28, 2016, created the framework for the Division to develop the fee structure, imposing the time period when the Division must notify carriers of the annual fee, and a requirement that public meetings be held to present the preliminary budget. This regulation is the next step to implement the annual fees to be assessed against certain companies.

The purpose of the regulation is to establish the fees for administration and enforcement of NRS title 57, based on the Division’s needs as expressed through the proposed budget for the next budget cycle.

- (2) What are the terms or substance of the proposed regulation? Provide a description of the subjects, issues and problems involved.

The Division is required to establish annual fees for certain title 57 companies based on the

Division's proposed budget for the next biennium. Having considered the Division's proposed budget for the 2017 biennium, the Division presents the annual fee sought to be collected from companies subject to this annual fee. The subject is annual fees required to be determined by the Commissioner. The issues are that there are no annual fees currently set for the next biennium. The problem is that the Division cannot collect the needed fees for administration and enforcement of title 57 without this annual fee being determined.

- (3) What is the anticipated impact of the regulation on the problem(s)?

The regulation provides the annual fee schedule for companies subject to this annual fee, as required by NRS 680C.110 subsections 5 and 6. The Division anticipates that the annual fee in this regulation will fund the Division's administration and enforcement operations.

- (4) Do other regulations address the same problem(s)?

No.

- (5) Are alternate forms of regulation sufficient to address the problem(s)?

No. NRS 680C.110.6 requires the Division to determine the annual fee based on anticipated budgetary needs. Because this annual fee has not yet been set, no alternate form of the regulation is sufficient to address the problem.

- (6) What value does the regulation have to the public?

The regulation ensures that the Division's regulatory activities (administration and enforcement) are sufficiently funded, which, in turn, allows the Division to effect its statutory mandate of regulating the business of insurance.

- (7) What is the anticipated economic benefit of the regulation? Provide a statement as to potential beneficial impact on the following:

a. Public

1. Immediate: Market stability (consumer assistance, investigations of complaints, and information sharing) through uninterrupted regulatory operations
2. Long Term: Market stability (consumer assistance, investigations of complaints, and information sharing) through uninterrupted regulatory operations.

b. Insurance Business

1. Immediate: Market stability (fair and competitive insurance market) through uninterrupted regulatory operations.
2. Long Term: Market stability (fair and competitive insurance market) through uninterrupted regulatory operations.

- c. Small Businesses
 - 1. Immediate: None (Any small businesses that engage in the business of insurance are considered under the category of "Insurance Business, paragraph b.1).
 - 2. Long Term: None (Any small businesses that engage in the business of insurance are considered under the category of "Insurance Business, paragraph b.2).
- d. Small Communities
 - 1. Immediate: None.
 - 2. Long Term: None.
- e. Government Entities
 - 1. Immediate: None.
 - 2. Long Term: None.

(8) What is the anticipated adverse impact, if any? Provide a statement as to any anticipated adverse impact, including adverse economic effects, on the following:

- a. Public
 - 1. Immediate: None.
 - 2. Long Term: None.
- b. Insurance Business
 - 1. Immediate: Slight increase in annual fee due to other statutory fees that were eliminated and the examination override fee not being charged in exchange for incorporating those fees into the annual fee to spread more equitably across more companies. In the legislative history associated with the changes made to NRS 680C.110, it was anticipated that it would take a few budget cycles to transition to this flexible annual fee model.
 - 2. Long Term: After a few budget cycles, the Division expects that there will be no further adverse effect on companies subject to the annual fee.
- c. Small Businesses
 - 1. Immediate: None
 - 2. Long Term: None
- d. Small Communities
 - 1. Immediate: None
 - 2. Long Term: None
- e. Government Entities
 - 1. Immediate: None
 - 2. Long Term: None

(9) What is the anticipated cost of the regulation, both direct and indirect? Provide a statement as to the cost of:

- a. Enactment: No direct cost, but the Division is now required to review fees annually based on the Division's proposed budget, and hold public meetings.
- b. Enforcement: No anticipated effect on enforcement.
- c. Compliance: No anticipated costs since carriers already pay fees to operate in Nevada.

(10) Provide a statement indicating whether the regulation establishes a new fee or increases an existing fee.

This regulation transfers a fee previously required by statute to regulation. The fee is not new to companies, but is new to regulation; therefore, the Division considers this regulation to be an existing fee. The regulation increases this existing fee based on the administrative and enforcement needs, and projected budget of the Division. Notably, fees previously required by statute were specifically eliminated in statute in favor of incorporating those fees into regulation based on the Division's budgetary needs.

The increase is based on the legislative change in 2015 when the Legislature modified NRS 680C.110 to give the Commissioner some flexibility regarding the industry funding of the Division. These changes were made to allow the Division to adapt fees as needed and to avoid accumulating too high a reserve. The Legislature abolished three fees in favor of allowing the Commissioner to impose one adjustable fee under Corporate Assessments. The Division was required to promulgate regulations to institute the tiered fee structure, which occurred in R001-16, adopted in June 2016. This regulation uses the process to arrive at the tiered fee structure mandated by the Legislature.

(11) Provide a statement which identifies the methods used by the agency in determining the impact of the proposed regulation on a small business, prepared pursuant to subsection 3 of NRS 233B.0608.

The Division conducted a comparative analysis of the proposed fees with the fees previously collected under the statute. In determining the process to arrive at the new annual fees, the Division presented its position at two of the Commissioner's Insurance Advisory committee meetings to get feedback from the industry. Both meetings were open to the public.

(12) Provide a description of any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates, and a statement explaining why the duplication or overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, state the name of the regulating federal agency.

None.

(13) If the regulation is required pursuant to federal law, provide a citation and description of the federal law.

Not applicable.

(14) If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, provide a summary of such provisions.

Not applicable.

Persons wishing to comment upon the proposed actions of the Division may appear at the scheduled public hearing or may address their comments, data, views or arguments, in written form, to the Division, 1818 East College Parkway, Suite 103, Carson City, Nevada 89706. **Written submissions must be received by the Division on or before September 26, 2017.** If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the Division may proceed immediately to act upon any written submissions.

A copy of this notice and the regulation to be adopted, amended or repealed will be on file at the State Library, 100 North Stewart Street, Carson City, Nevada, for inspection by members of the public during business hours. Additional copies of the notice and the regulation will be available at the offices of the Division, 1818 East College Parkway, Suite 103, Carson City, Nevada 89706, and 3300 West Sahara Avenue, Suite 275, Las Vegas, Nevada 89102, and in all counties in which an office of the agency is not maintained, at the main public library, for inspection and copying by members of the public during business hours. This does not apply to a public body subject to the Open Meeting Law.

Upon adoption of any regulation, the agency, if requested to do so by an interested person, either before adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, and incorporate therein its reason for overruling the consideration urged against its adoption.

REGULATION CONCERNING ANNUAL FEES
LCB FILE NO. R024-17

The Commissioner is establishing the amount of the annual fee to be assessed on certain companies operating under NRS title 57 starting in fiscal year 2019.

EFFECTIVE DATE OF REGULATION:
Upon filing with the Nevada Secretary of State

1. BACKGROUND.

In 2015, the Legislature amended NRS 680C.110, giving the Commissioner the authority to determine annual fees based on certain factors. With the ability to determine fees, other statutory fees were eliminated with the intent of capturing these fees through the one annual fee for administrative efficiency. In determining the annual fees, the statute requires the Commissioner to consider the direct written premiums for the prior year, the number of insurers required to pay the annual fee, the direct written premiums written by all insurers required to pay the annual fee, and the budget of the Division. Regulation R001-16, adopted on April 27, 2016, and filed with the Secretary of State on June 28, 2016, created the process the Division is to use to develop the annual fees, imposing the time period when the Division must notify carriers of the annual fee and requiring public meetings be held to present the preliminary budget. This regulation is the next step in the process to establish the annual fees to be assessed against certain companies.

The purpose of the regulation is to establish the annual fees assessed against certain companies operating under NRS title 57, as required by NRS 680C.110 sections 5 and 6, for administration and enforcement of NRS title 57, based on the Division's needs as expressed through the proposed budget for the next budget cycle.

2. DESCRIPTION OF SOLICITATION SHOWING A CONCERTED EFFORT. NRS 233B.0608(1).

Comments were solicited during the workshop and hearing for R001-16 (which established the process for determining the annual fees). The subject of the regulation was also presented at two of the Commissioner's advisory committee meetings, which were open to the public.

3. DOES THE PROPOSED REGULATION IMPOSE A DIRECT AND SIGNIFICANT ECONOMIC BURDEN UPON A SMALL BUSINESS OR DIRECTLY RESTRICT THE FORMATION, OPERATION OR EXPANSION OF A SMALL BUSINESS? NRS 233B.0608(1).

NO YES

4. HOW WAS THAT CONCLUSION REACHED? NRS 233B.0608(3).

The Division compared the proposed annual fees with the fees previously collected under various statutes. Comments were solicited during the workshop and hearing for R001-16 (which established the process for determining the annual fees). The subject of the regulation was also presented at two of the Commissioner's advisory committee meetings, which were open to the public.

Based on the comparative analysis and feedback received, the Division concluded that the proposed regulation only affects certain NRS title 57 companies regulated by the Division—the fee has no direct or significant economic burden on any business that is not operating under the Insurance Code (NRS title 57). To the extent that any of these companies may be small businesses, the annual fees reflect the direct premiums written (meaning that the annual fee increases in proportion to the amount of direct written premium the company has written) based on the budgetary needs identified by the Division in its budget. The proposed annual fees take into consideration that the examination override fee authorized under NAC 679B.0335.6, which only affects Nevada's domestic insurance companies, will not be charged. The proposed annual fees spread the fees charged by the Division more equitably across all subject companies.

I, BARBARA D. RICHARDSON, Commissioner of Insurance for the State of Nevada, hereby certify to the best of my knowledge or belief a concerted effort was made to determine the impact of the proposed regulation on small businesses and that this statement was prepared properly and the information contained herein is accurate. REGULATION CONCERNING ANNUAL FEES
LCB FILE NO. R024-17

1. SUMMARY OF COMMENTS RECEIVED FROM SMALL BUSINESSES. NRS 233B.0609(1)(a).

No comments have been received from small businesses.

Other interested parties may receive a copy of this summary by contacting Susan Bell, Legal Secretary, Nevada Division of Insurance, at (775) 687-0704 or suebell@doi.nv.gov.

2. HOW WAS THE ANALYSIS CONDUCTED? NRS 233B.0609(1)(b).

The Division compared the proposed annual fees with the fees previously collected under various statutes. Comments were solicited during the workshop and hearing for R001-16 (which established the process for determining the annual fees). The subject of the regulation was also presented at two of the Commissioner's advisory committee meetings, which were open to the public.

3. ESTIMATED ECONOMIC EFFECT ON SMALL BUSINESSES THE REGULATION IS TO REGULATE. NRS 233B.0609(1)(c).

The proposed regulation will adjust fees across certain companies operating under NRS title 57 based on direct premium written, which spreads the economic burden of funding the Division among all subject companies more equitably. As required by NRS 679B.230, the Division conducts periodic examinations of domestic insurance carriers. The cost of examination, which includes a 50% administrative fee, has been borne on the examined insurance carriers, namely domestic companies. The administrative fee charged through examinations will not be charged, effectively reducing domestic insurance carriers' economic burden. The net effect should decrease the cost of doing business in Nevada for domestic insurance companies. The annual fee structure is not expected to have any discernable effect on the insurance rates in Nevada. Because the Division already collects similar fees, there is no additional cost to enforce this regulation.

4. METHODS CONSIDERED TO REDUCE IMPACT ON SMALL BUSINESSES. NRS 233B.0609(1)(d).

N/A

5. ESTIMATED COST OF ENFORCEMENT. NRS 233B.0609(1)(e).

Because the Division already collects similar fees, there is no additional cost to enforce this regulation.

6. FEE CHANGES. NRS 233B.0609(1)(f).

The fees are required by NRS 680C.110, which was amended in 2015 to eliminate certain statutory fees in favor of allowing the Commissioner to determine the annual fee using certain criteria in the statute. The amount incorporates fees that were eliminated in statute into the annual fee, and considers that the administrative fee for examinations will not be charged.

7. DUPLICATIVE PROVISIONS. NRS 233B.0609(1)(g).

None.

8. REASONS FOR CONCLUSIONS. NRS 233B.0609(1)(h).

While the annual fee increases on a sliding scale based on the amount of direct written premium, the regulation will allow the Division of Insurance to eliminate the administrative burden of invoicing different companies for various fees previously collected through numerous invoices, and reduce the examination administrative fee, which has been significant for domestic insurance carriers.

I, BARBARA D. RICHARDSON, Commissioner of Insurance for the State of Nevada, hereby certify to the best of my knowledge or belief a concerted effort was made to determine the impact of the proposed

regulation on small businesses and that this statement was prepared properly and the information contained herein is accurate. (NRS 233B.0609(2))
