*Full Time Equivalency (1 FTE = 40 hour workweek of direct outpatient care)

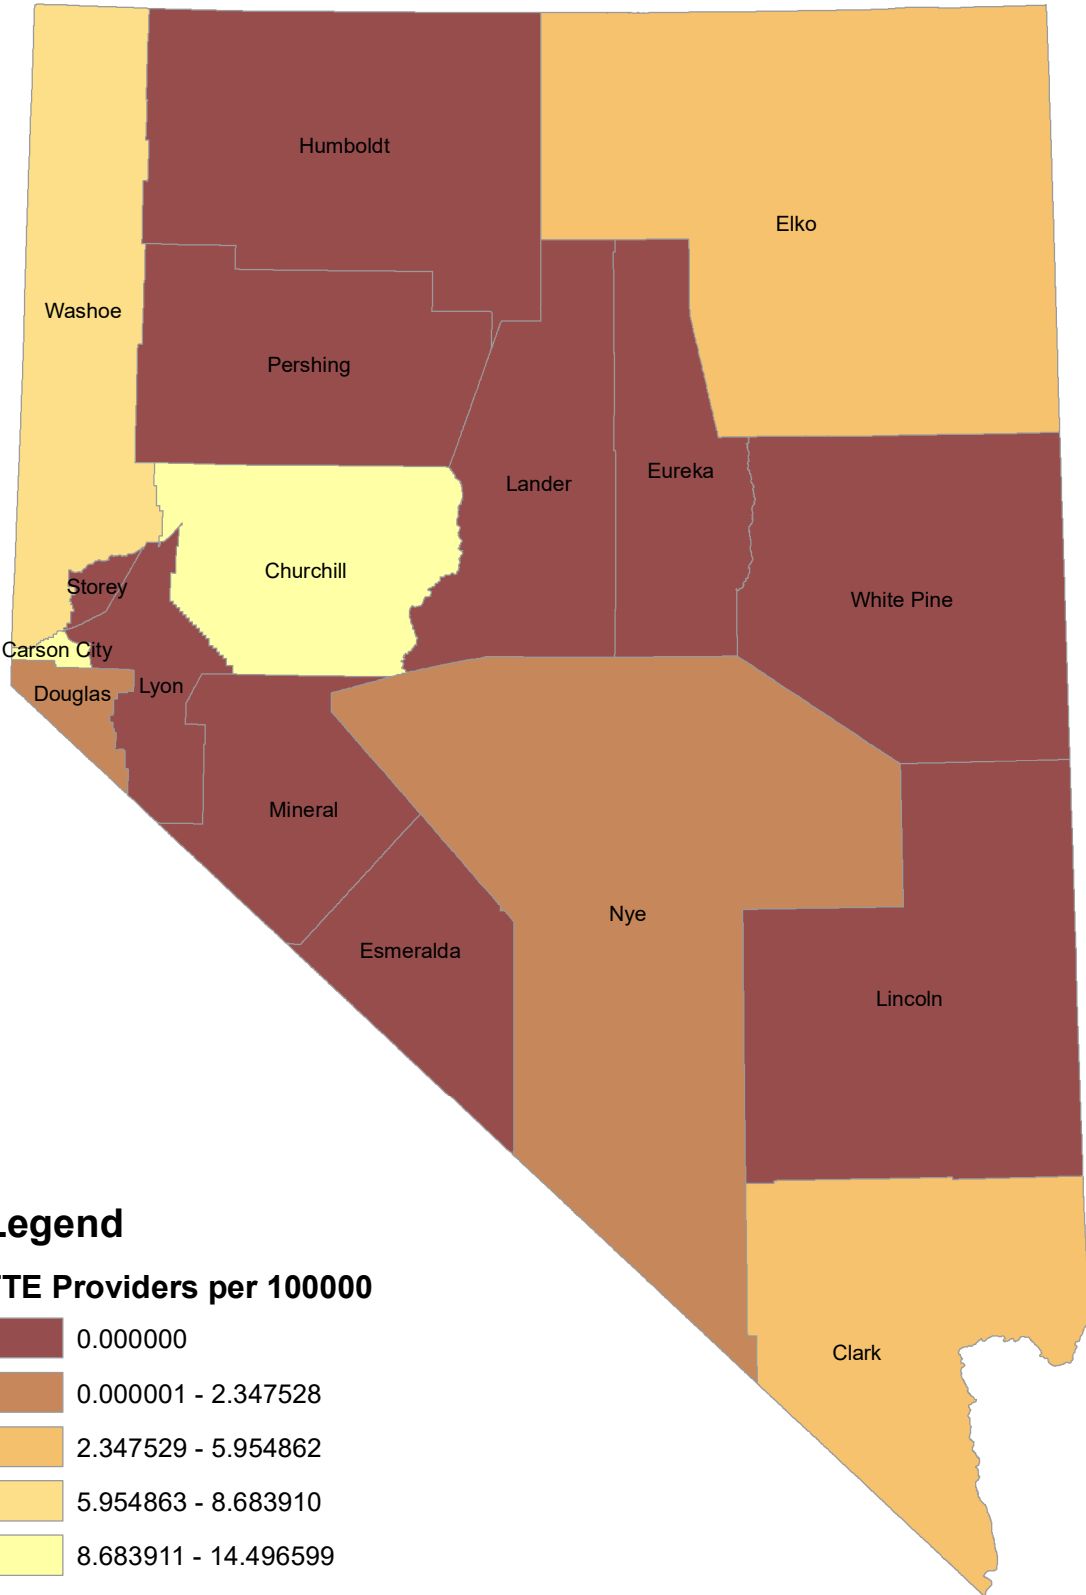

**Low income FTE is calculated by adding the percentages of care given by doctors to patients utilizing Medicaid or a sliding fee scale and multiplying that value by the provider FTE.

†Total civilian noninstitutionalized population obtained from the 2014 ACS 5 Year Census Data (S2701)

‡Population below the 200% Federal Poverty Limit (FPL) obtained from the 2014 ACS 5 Year Census Data (S1701)
