 - Submit the completed IFN form to Accounting at ifn@doi.nv.gov prior to transferring the funds (this ensures Accounts Receivable applies your payment correctly)

Please visit doi.nv.gov for more information on qualifications and required documentation for each license type.

2. Do I have to take a pre-licensing course before I take the licensing exam?

A pre-licensing course is only required for the following license types:

- Bail Agent
- Bail Enforcement Agent
- Bail General Agent
- Bail Solicitor
- Exchange Enrollment Facilitator

While pre-licensing for all other individual license types is not required, courses are still available. All pre-licensing courses can be found by using Sircon’s [Approved Courses Inquiry](#) and searching for Pre-Licensing Education.

3. Where do I take the licensing exam?

All licensing exams are administered by our vendor, Pearson VUE. Pearson has multiple locations in Reno/Sparks, Elko and Las Vegas, and also offers online exams for some license types. All test center locations and information about online exams can be found

here: <https://www.pearsonvue.com/us/en/nv/insurance.html>.

- Note: Clicking “Find a test center” only allows you to locate test centers, not register for an exam

4. Can Canadian citizens get an insurance license in Nevada?

While Nevada is reciprocal with Canada for some license types, Canadian citizens **cannot** obtain a license as a Producer, Managing General Agent or a Third-Party Administrator **unless** they have a United States Social Security Number, pursuant to [NRS 683A.387](#).

5. How do I transfer my current resident producer license to make Nevada my new home state?

If Nevada is now your home state, you must apply for a Nevada Resident license – there is no way to transfer or convert the license from one state or type to the other. (See [this page](#) for these details.)

If your previous state resident license is still active, keep it active during the application process. You must apply for a Nevada Resident license within 90 days of establishing legal residency in Nevada. If you are applying for the same lines of authority you will not need to take a licensing exam but you will need to be fingerprinted. Surrender your previous state resident license once the Nevada license is approved.

If you already surrendered your previous state resident license or have obtained a Letter of Clearance from your previous state, you will have 90 days from the license inactivation date to apply for a Nevada Resident license with the same lines of authority to be exempt from taking a licensing exam. If you don't apply within 90 days of the previous state license inactivation date you will be required to take and pass a licensing exam as well.

If you held a Nevada Non-Resident license, it will automatically be inactivated when your Nevada Resident license is activated.

6. What is the Fingerprint Background Waiver and how do I fill it out?

The [Fingerprint Background Waiver](#) gives the Division legal authority to review your background report. Without the background waiver, your application cannot be fully reviewed or approved.

To complete the background waiver, enter “Nevada Division of Insurance” in paragraphs 1 and 9, initial and date the bottom of page 1, and enter your name, date and signature on the bottom of page 2. Leave all of the agency information blank. This form must have a wet signature or be digitally signed (i.e. Adobe or DocuSign). Here is a [sample](#) background waiver.

7. What is the fingerprint receipt I need to upload to my application?

This is not your payment receipt from the fingerprint vendor. When you are fingerprinted, the vendor will give you a confirmation or verification receipt as proof your fingerprints

were digitally taken. This confirmation receipt has a TCN (tracking number) that the Division uses to track your background report while it is being processed by DPS.

8. I was told by the fingerprint vendor that my fingerprints were sent digitally, why are you asking me to attach it to my application?

You do not need to attach your fingerprints to your application; the fingerprint vendor transmits your digital fingerprints to the Nevada Department of Public Safety who processes your background report. However, you must upload the confirmation receipt from the fingerprint vendor and the fingerprint background waiver to your application. The confirmation receipt has a TCN (tracking number) that the Division uses to track your background report while it is being processed by DPS.

Do not email these to the Division – attach them to your application in Sircon or upload them to the [NIPR Attachment Warehouse](#).

9. How do I submit a traditional fingerprint hard card (manual ink fingerprints)?

Unless one of the following two exclusions apply, always submit digital (LiveScan) fingerprints. Traditional fingerprints on a paper card with ink (known as a “hard card”) should only be taken if:

- a. You reside outside Nevada and are getting fingerprints taken in another state; or
- b. You are instructed to submit a traditional hard card by Division of Insurance staff because your LiveScan fingerprints were not of high enough quality to be usable by the Department of Public Safety and FBI.

If you must submit a hard card:

- i. The card must have your name, date of birth, social security number, and physical identifying characteristics on it.
- ii. You must sign the fingerprint card.
- iii. You must include your phone number and email address with the card.
- iv. Do **NOT** mail the card to the Department of Public Safety.
- v. Mail the card to:

Nevada Division of Insurance
1818 E. College Parkway, Suite 103
Carson City, NV 89706

If you are submitting your initial fingerprints on a hard card, you must include a cashier's check or money order (no personal checks) made payable to the Department of Public Safety for \$39.

If you are submitting a hard card because your initial LiveScan fingerprints were rejected, you do not need to include a payment when submitting the card to the Division of Insurance.

10. Where do I send documents required for my application?

Do not email documents to the Division. All documents required for an application must be uploaded to your application in Sircon or the [NIPR Attachments Warehouse](#). This includes arrest records, court documents, personal statements, fingerprint background waivers, fingerprint confirmation receipts, etc.

- a. [Sircon](#):

- d. Choose which file you would like to upload
- e. When finished, click “Attach Document”

11. What is the status of my application – Sircon/NIPR only shows “Under State Review?”

Neither Sircon nor NIPR are designed to show the exact status of your application. Applications are processed in the order received. Applicants who failed to submit required documents or disclose background information will be sent an email from Nevada.Licensing@doi.nv.gov to the applicant email address on file – check your inbox and spam/junk folder regularly. Once your application has been approved or denied, you will receive an email from Sircon or NIPR informing you of the approval/denial.

12. Why was my application withdrawn?

Applicants who fail to submit required documents or information are sent an email from Nevada.Licensing@doi.nv.gov to the applicant email address on file and given 10 business days to provide the required items. Applicants who still fail to provide the missing information or documents in the allotted time have their applications withdrawn.

13. What is a Designated Home State (DHS)?

A Designated Home State (DHS) is used when a person resides in a state that does not offer a certain license type (this only applies to Independent and Public Adjusters). For example, Iowa does not offer an Independent Adjuster license, so if someone who lives in Iowa wants to become an Independent Adjuster, they must choose a home state that acts as their resident state. This requires the person to follow the resident licensing requirements for the chosen DHS, such as fingerprinting and a licensing exam, as well as completing the continuing education requirements of that state.

14. I am changing my Designated Home State to Nevada – do I need to take an adjuster examination in Nevada?

If you are switching your DHS from one state to Nevada, you do not need to take an exam as long as you switch while your current DHS license is active, or if you were previously licensed in Nevada as the same type of adjuster within the previous 24 months. ([NRS 684A.105](#))

15. What is the difference between “Appointment” and “Association?”

Individuals and firms are *appointed* to an insurance company (i.e. Example Insurance Company) and the \$15 fee is paid for by the insurance company. Appointments give individuals or firms the ability to act on behalf of the company.

Individuals are *associated* to a licensed firm (i.e. ABC Example Insurance Agency) and the \$50 fee is paid for by the firm or the individual. Associations give the individual the ability to act on behalf of the firm.

Appointments and associations can both be done on Sircon.com.

16. What is a DRLP and which license types need one?

A DRLP is a designated responsible licensed person. This is a person designated by the firm (a licensed agency) to be responsible for the firm's compliance with the insurance laws, rules and regulations of Nevada. The following firm license types must have a DRLP:

- General Agent for Bail firms
- Independent Adjuster firms
- Insurance Consultant firms
- Managing General Agent firms
- Motor Vehicle Damage Appraiser firms
- Producer firms
- Public Adjuster firms

These firms must have at least one DRLP who actively holds each line of authority the business entity is applying for. This person can be a resident or non-resident, and firms can have as many DRLPs as needed to cover all lines of authority. If the firm is applying for:

- Life - DRLP must hold Life
- Health - DRLP must hold Health
- Variable - DRLP must hold Variable
- Property - DRLP must hold Property
- Casualty - DRLP must hold Casualty
- Personal Lines - DRLP must hold Personal Lines or Property and Casualty
- Crop - DRLP must hold Crop
- Personal Property Storage - DRLP must hold Personal Property Storage
- Limited Credit - DRLP must hold Limited Credit or Casualty
- Limited Rental Car - DRLP must hold Limited Rental Car or Property and Casualty

- Adjuster-Workers Compensation - DRLP must hold Adjuster-Workers Compensation
- Motor Vehicle Damage Appraiser – DRLP must hold Motor Vehicle Damage Appraiser or Adjuster-Property and Casualty

If the individual who is associated as a DRLP loses their license for any reason, the firm must associate a new DRLP.

18. How do I add a line of authority (qualification) to my license?

Resident and non-resident licensees can add a line of authority (also known as a license qualification) using Sircon or NIPR. Producers may only add lines of authority they qualify for – an exam may be required for residents. Fingerprints for a background report are not required.  - ii. For Nevada resident licensees, this type of change could require you to get licensed in the new resident state and apply for a Nevada non-resident license instead – because of this, resident address changes to a new state must be performed by Licensing staff.

20. How do I change my resident state?

Some license types require you to reside, some require you to obtain a non-resident license if you reside outside of Nevada, and some allow you to reside in another state while maintaining a Nevada resident license.

- Non-residents must change their residence address with their home state and/or get a new resident license as required before the residence address can be changed in Nevada.
- For Nevada resident licensees, this type of change could require you to get licensed in the new resident state and apply for a Nevada non-resident license instead – because of this, resident address changes to a new state must be performed by Licensing staff.
- If you have a DHS Independent (or Public) Adjuster license and move to a new state that offers an Independent (or Public) Adjuster license, you must get the Independent (or Public) Adjuster license – you no longer qualify for a DHS license
