Statement Regarding Licensing in Nevada Due to COVID-19
Nevada Division of Insurance
April 1, 2020

The following guidance applies to all licensees in the State of Nevada. The Nevada Division of Insurance (“Division”) encourages all licensees to renew their license(s) on or before the due date listed on their license.

In an effort to support the Governor’s Directive 009; licensing operations have not been reduced due to the state of emergency and to protect all of Nevada citizens; the Licensing Section continues to offer electronic means to renew licenses and provide virtual continuing education for all licensees to meet their statutory requirements in maintaining their license.

Licensees have a number of ways to satisfy their continuing education requirements; whether that be through self-study or webinars. In an effort to maintain social distancing in regard to proctored exams; the Division is waiving the exam proctoring requirement for self-study continuing education classes **only**; however, the licensee is still required to take the exam at the end of the course.

The Division stands ready to help and process all of your licensing needs.

Please refer to the Licensing Section of the Division’s website for further updates.
